

March 2024

We are delighted to share the thrilling news that we have secured a new building for our organization and are forging ahead with plans to make it our new office and program center. This marks a significant milestone in our journey, one that has seen us explore various options including a vacant lot on Getwell Road and a pre-existing building on Pleasant Hill Road, before finally finding the perfect fit for our nonprofit.

After patiently awaiting the ideal space, we are thrilled to announce that our new office will be situated at 6545 Elmore Road, currently utilized by Northwest Mississippi Pest Control. We are in the final stages of inspections to ensure the space is safe and ready to embark on a new chapter dedicated to serving our community. We anticipate closing at the end of April and transitioning promptly into our new home.

This move consolidates all our operations, including meetings, classes, programs, and events, into the new building, with the exception of Camp BOLD, which will remain at Longview Heights Baptist Church.

In light of this development, we are relaunching our Capital Campaign to aid in financing the building purchase, as well as acquiring furniture, equipment, and supplies essential for our classes, events, and programs. Our plans to create a grand donor tree in the building's entryway remain intact, and we invite both new and previous supporters to contribute. All LEAF purchases from our initial campaign will be honored, but we are eager to welcome additional supporters to fill our tree with leaves and our building with resources that will further enhance the experiences of those we serve.

Sincerely,

A handwritten signature in black ink that reads 'Rebecca Treadway'.

Rebecca Treadway  
Executive Director  
The Arc Northwest Mississippi
